

Clementine
NEADS Class of '06

In just two years, Clementine will join the ranks of past NEADS graduates Dexter, Emmie, Lola, and Dusty. She'll be able to pick up keys, turn on lights, push elevator buttons, and even open a refrigerator. But most importantly, she'll become a best friend to someone like Larry, Ashley, or Mark.

NEADS dogs allow people who are deaf or physically disabled across the country to lead independent lives. We receive no federal funding, and rely on the generosity of individuals and organizations to make sure every deserving person gets a dog, regardless of income. Please join *our* ranks. Make a donation at www.neads.org.
