GET REAL

"You can get pregnant on the first time."

"Yes, you can still get pregnant if you do it standing up."

"Oral sex is still sex."

"Not doing it doesn't mean you don't love him."

"The rhythm method doesn't work."

"You can get pregnant during your period."

"Jacuzzis do not prevent pregnancy."

"You have to use a new condom every time."

"People don't have as much sex as you think they do."

"Pulling out is not contraception."

"You never 'owe' it to anybody, for any reason."

"Remember that if you do have a kid, you'll eventually have to have awkward conversations with her."

"Having a baby will not solve all your problems."

"People don't have as much sex as you think they do."

"Many girls lose their virginity while drunk. Most regret it."

WHAT THEY DO

Prevent teen pregnancy through community-based organizations.

WHAT THEY NEEDED

Materials to help increase program awareness and the number of teens and parents participating in the Get Real program.

WHAT WE DID

A logo, attention-grabbing outdoor board, web site design, and a collection of conversation cards to help parents talk to their teens about sex.
