

1 + 1 = 420,000

ONE FEMALE CAT AND HER OFFSPRING CAN PRODUCE OVER 420,000 CATS IN 7 YEARS

YOU CAN **FIX** this problem.

over 10,000 cats and dogs in central and south Alabama were euthanised last year.

You can stop the killing of unwanted dogs and cats.

SPAY OR NEUTER YOUR PET.

Spaying or neutering is a simple surgical procedure that stops your dog or cat from breeding. It is often referred to as having your pet "FIXED". Female animals get SPAYED. Males get NEUTERED.

BENEFITS OF HAVING YOUR PET FIXED:

- Helps dogs and cats live longer, healthier lives
- Reduces your pets risk of cancer and other health problems
- Makes pets better, more affectionate companions
- Makes pets less likely to spray and mark territory
- Can improve your pet's personality
- Reduces your pet's impulses to bite, fight or act aggressively
- Makes pets less likely to roam the neighborhood or run away
- Helps reduce excessive meowing and barking
- Increases your pet's quality of life
- Reduces the number of unwanted cats and dogs in our community
